YOUR PLACE ON THE ROAD CREW

Small commitments. Shared impact.

Monthly sponsors help dogs reach the rescues and shelters ready to care for them.

Road Crew Supporter
$10-$24 / month
Optional sponsor-list recognition

Highway Hero
$25-$49 / month
Recognition + Road Crew T-Shirt

Transport Champion
$50-$99 / month
Recognition + Road Crew T-Shirt

Road Guardian
$100-$249 / month
Recognition + Road Crew Hoodie

Business Road Crew Partner
$250+ / month
Recognition + Hoodie + vehicle logo

One-time support: Give any amount of $10 or more through the Road Crew Supporter option.

Recognition is optional. T-shirt and hoodie fulfillment is being finalized. Business logo size grows with monthly support; placement is coordinated before production.

YOUR SUPPORT. CLEAR ACCOUNTABILITY.

Real journeys. Clear intentions.

Hope Haulers operates the Road Crew and provides the sponsored transportation. Contributions help fund approved rescue journeys and their associated operating costs without delaying the need to run based on budget constraints.

We commit to separate program tracking and regular updates showing fund allocation and the dogs, shelters, and rescues impacted by your generosity!

Watch for verified miles covered, dogs transported, and the organizations helped.

Excluded: Private hourly rate transports are not funded by Road Crew sponsorships.

Join. Share. Follow the impact.

HOPE HAULERS
NATIONAL K9 TRANSPORT
THEY SAVE THE LIVES.
WE HELP BRIDGE THE MILES.

Join the Road Crew

Become a monthly sponsor and help keep rescue moving.

They save the lives. We help bridge the miles.

A community standing alongside rescues and shelters, helping dogs reach the care and second chances waiting for them.

Starting at $10 a month

Our roots are in rescue. Rescuing, training, volunteering, and fostering came first. We believe God gave us a plan to help bridge the miles. We still rescue. Through that work, we see how often transportation stands between a dog and the help waiting for them. We understand the need because we are part of the rescue community facing it.

Hope Haulers National K9 Transport, LLC

THE NEED

Fully sponsored rescue rides.

Rescues and shelters devote their resources to food, veterinary care, safe housing, and second chances. As a community, we can help carry the transportation part of that work.

Our goal is to fully fund approved rescue transports and eliminate the transportation bill for qualified rescues moving dogs out of high-risk shelters. The need is there. The transport infrastructure is there. Caring people and approved placements are ready to welcome these dogs, yet budget restrictions often keep the journey from happening.

Money should not be the reason a dog loses their chance at life. Together, we can help dogs reach the people waiting with open arms—before it is too late.

$5,000 is our starting point—not our finish line. This modest monthly target helps close immediate funding gaps while we build dependable community support for more fully sponsored journeys.

Our long-term vision: a nationwide network of qualified, licensed, insured transporters whose approved rescue journeys could receive Road Crew funding, with the goal of eliminating transport costs for qualified rescues nationwide.

We begin with approved journeys provided by Hope Haulers. Partner funding is a future goal, to be developed and discussed with supporters before use.

Full sponsorship depends on funding, eligibility, safe placement, and capacity. Partial assistance may help when full funding is unavailable. Monthly commitments build steady support; one-time gifts help too.

WHAT WE CAN DO TOGETHER

More miles. More chances. One community.

The Road Crew brings individuals and businesses together to help cover the journey for qualified 501(c)(3) rescues and shelters.

Sponsors help dogs reach approved placements while leaving more rescue resources available for lifesaving care. Fully sponsored journeys depend on funding, eligibility, and capacity.

Why monthly matters

Rescue needs continue after each trip. Recurring commitments help us plan routes, allocate assistance, and prepare for the next placement opportunity. One-time gifts help too.

Businesses can bridge the miles. At $250+ monthly, display your logo on our transport vehicle. Higher sponsorship amounts receive larger placements, subject to available space.

Licensed, fully insured transport operated by experienced K9 handlers. Active USDOT and motor carrier authority; USDA licensing and compliance.

OUR FOUNDING GOAL

$5,000 each month.

About 5,000 miles of rescue transportation, including the return journey.

This is an actual estimate calculated by Hope Haulers' proprietary routing software using real-time, real-world operating costs.

Impact in both directions.

Imagine 12 large dogs traveling from Houston to approved placements as far away as Seattle or Madawaska, Maine. When routes and placements align, more dogs can travel on the return journey.

With staged pickups and drop-offs, 10 groups of 10 dogs could mean **100 dogs relocated on one trip** - within safe vehicle capacity, not all at once.

Destinations and dog counts illustrate potential impact, not guaranteed results. Actual costs, capacity, stops, placements, and fees affect what funding can support.
